Professional Summary

Motivated BCA graduate with hands-on experience in web development, database management, and cloud computing. Proficient in Python, React.js, and Node.js, with a passion for creating scalable software solutions. Strong team player with experience in Agile methodologies and a proven ability to deliver high-quality projects.

SKILLS

- **Programming Languages:** C, C++, Python, Java
- **Web Development:** HTML, CSS, JavaScript, React.js, Node.js, Express.js
- **Database Management:** MySQL, MongoDB
- **Tools & Platforms:** GitHub, Visual Studio Code, MS Office, AWS
- **Operating Systems:** Windows, Linux
- **Soft Skills:** Leadership, Teamwork, Problem-Solving, Adaptability

TRAINING AND CERTIFICATION

- AWS Cloud Practitioner Certification - Skdeft Technologies (2023)
  - Acquired foundational knowledge in cloud deployment, architecture design, and AWS services.
- Cybersecurity Training (2023)
  - Gained expertise in ethical hacking, security protocols, and penetration testing.
- Certified in Skill Up training program conducted by Centum foundation organized by Infosys.
  - Gained expertise in communication skills.

PROJECTS

- **Attendance Management System**
  - Built a Python-based system to automate attendance tracking for students, reducing manual errors by 80%.
  - Integrated MySQL for database management and created detailed reporting features.
- **Responsive login page**
  - Developed a user-friendly login interface using HTML and CSS, ensuring cross-device compatibility.
  - Focused on creating a secure and intuitive user experience.
- **Portfolio Website**
  - Designed and developed a personal portfolio to showcase projects and skills using HTML, CSS, and JavaScript.
  - Implemented modern UI/UX principles to enhance user engagement.

Education

- *Bachelor of Computer Applications (BCA)*, Dayanand Academy of Management Studies (2022-2025)
  - *Relevant Coursework*: Data Structures and Algorithms, Operating Systems, Software Engineering, Object-Oriented Programming, Digital Circuits and Computer Organizations, DBMS
- *Class 12th*, NLK Vidya Mandir Inter College (2021-2022)
- *Class 10th*, NLK Vidya Mandir Inter College (2019-2020)

INTEREST AND HOBBIES

- Exploring emerging technologies and frameworks.
- Contributing to open-source projects.
- Participating in community-driven software development initiatives.
